On the occasion of the inauguration of Narayanpur Dam.

On the occasion of the inauguration of Narayanpur Dam project, the portrait of the King and Prime Minister has been taken to function by honorable joint secretary Sri Doddappa S Nisty to present the honorable prime minister.

EDUCATION PHILOSOPHY

This great Institution is founded on the noble principle "No religion is greater than Service" with a firm belief that "Service to Humanity is Service to God" and this is the Kayaka Dasoha Philosophy.- Poojya Dr. Appaji.

In the present scenario, our country needs education which should enable the students to read, write, understand, think independently; face the challenges of life and work hard sincerely. It should also create career opportunities. After getting education, the students should help in running their families and also contribute their best to the welfare of the society and the country. If they do it honestly, that itself is Kayaka Dasoha Philosophy of Education.

GENESIS OF SANGHA

The Sharnbasweshwar Vidya Vardhak Sangha, Gulbarga, which was established in the year 1903, is named after the great mystic Saint of Deccan India, Lord Sharnbasweshwar. It is the cardinal principle of Sharnbasweshwar that "No religion is greater than Service" and "Service to Humanity is Service to God". This Kayaka and Dasoha Philosophy is his legacy, which is continued even today by the Peethadhipathis of Sharnbasweshwar Samsthan.

The Sharnbasaweshwar Samsthan, which is also called as Sharnbasweshwar Mahadasohapeetha has a long spiritual, cultural, social and educational history that represents the glorious heritage of the nation. The Philosophy of Dasoha has been the touchstone principle on which the 7th Mahadasoha Peethadhipathi of Sharnbasweshwar Samsthan, Gulbarga, found the Sharnbasweshwar Vidya Vardhak Sangha. The first school of our Sangha was housed in the Dasoha Mahamane (The Spiritual Abode), where Lord Sharnbasweshwar resided.

HISTORY OF SANGHA

The Sangha which was founded in 1903 by 6th peethadhipati made a humble yet a noble beginning with its first school housed in mahadasoha Mahamane the Spiritual adobe, where Lord Sharnbasveshwar lived. Since then dedicating itself to the pursuit of service and Excellence.

In 1918 Mahadasohi Dodappa Appa established the Sharanbasaweshwar public library the heralding the dawn of the Sharanbasaweshwar Vidya Vardhak Sangha. His purpose was to awaken the people of this area to the spirit of nationalism, organization, social unity and the significance of Independence. This area which was

denied exposure to any new and modern idea, Appaji provide literary books of the people by opening the public library. In this way he awakened independent thinking, patriotic feeling and the spirit of nationalism.

The Sharanbasaweshwar Vidya Vardhak Sangha marched ahead to dispel the darkness of ignorance. Attracted by these actions and projects of Appaji many patriots, political leaders, freedom fighters and social workers were coming to Appaji to get guidance from the places Hyderabad, Solapur, Osmanabad, Barsi and other places. Thus, the Mahadasoha Peeth of Sharanbasaweshwar Samsthan became center of thoughts.

Poojya Doddappa Appa believed that spiritual attainment is the basis of independence. Therefore he never failed to perform the "Trikala Ishtalinga Pooja" or "Guru Jangama Dasoha" even in the most critical occasions. On the occasion of the attack made by the fanatics and also the tyranny of the Razakaras many people from Gulbarga fled to Solapur to save their lives. At This time Doddappa Appa was living with his family in Solapur. He wanted that traditional Pooja to be continued in Mahadasoha Peetha. So he sent his fourteen year old eldest son Sharanabasavappa Appa along with respected Shri Siddalinga Swamy to Gulbarga. Unmindful of physical dangers and dedicated totally to the worship of shiva, Sharanabasavappa Appa came to the Peetha and maintained the continuity of the noble tradition of Pooja. Then itself Doddappa Appa identified the future Peethadhipati (Successor) in his eldest son.

Poojya Dr. Sharanbasavappa Appa, 8th Mahadasoha Peethadhipati has been emphasizing the need of providing benefits of modern high technology to the students in particular and people in general of this backward region of the state and ventured in introducing such courses of modern day requirements in the schools, colleges run by the Sangha under the benign blessings and guiding genius of Pooja Dr. Sharanabasavappa Appa, the Sangha blossomed into a huge educational complex with fifteen colleges, three high schools, three primary schools and Sharnbasaveshwar Public School, and independent Printing Press, Doddappa Appa IAS Training Institute, Granthavishwa Vidyanilaya and Anubhava Mantappa which arranges series of lectures on art, literature and culture.

Lord Sharanabasaveshwar's successor Poojya Dr. Sharanabasavappa Appa, the 8th Mahadasoha Peethadipati of Sharnbasaveshwar Samsthan has tried to blend the ancient Indian Spiritualism with a dynamic

pragmatism of the modern times and has grafted the western high-technology and modern ideas to the cultural heritage of India. He has always tried to explore new horizons of educational progress and diversification with his vision and dynamism. In thought, words and deeds he has tried to symbolize the spirit of Dasohabhava the supreme form of dedication and selfless service. This spirit which is practiced individually has been institutionalized by him. This enlightened Dasohabhava Vachanas composed by him explain his interpretation of concept of Dasoha.

In recognition of the noble services rendered by Dr. Appaji Govt. of Karnataka honored him with Rajostava Award and Gulbarga University awarded D.Lt. in the year 1992. Gokhale education society, Nasik which is pioneer in management education felicitated Poojya Appaji and awarded "Punyashlok Shiva - Parvati adyatmik award" on 4th March 2002 at its nasik campus, also Dr. Appaji was felicitated by Siromani Gurudwara Prabhanaik Committee (SGPC) at Golden Temple, Amritsar. Poojya Dr. Sharanabasavappa Appa delivered valedictory address in the International seminar on earthquake at Guru Govindsingh University, Amristar (Punjab) on 22nd March 2002.

In the holy leadership of Poojya Dr. Appaji, a fourteen feet bronze statue of Lord Basaveshwara has been installed in the 9th Gate of Parliament of India. The statue is worth of 15 lakhs and was unveiled, by His Excellency Dr. A. P. J Abdul Kalam, great Scientist President of India in the presence of the prime Minister and dignitaries.

Contribution of Nisty Family to Engineering College

Nisty, a legendry family in Hyderabad Karnataka since 400 years, hails from village Sulepet taluk Chincholi and District Gulbarga. Just like Visvesvaraya was associated with Mysore kingdom, Nisty family was associated with Surpur kingdom in the annals of south Indian history from 1752 1857. Shree Kadalappa Nisty, Veerappa Nisty, Malakappa Nisty, Chandreshkhar Nisty and Rachappa Nisty have rendered their valuable service to the kingdom of Shorapur as Commander in Chiefs and Prime ministers under Shorapur Kings.

During the regime of Veerappa Nisty the Kingdom has achieved glorious growth. The forts were strengthened, wells and tanks were constructed throughout the Kingdom for the welfare of the subjects. During the regime of Veerappa Nisty new revenue system (Mulki) was introduced with surveying of lands in bringing a lot of revenue to treasury.

Dam construction at Narayanpur with canal networks was conceived (presently called as Upper Krishna Project) during the regime of Veerappa Nisty. (1774-1801) at cost of rupees six lakhs. This canal network was planned through an aqueduct across Dhoni river near Baradevanal to supply drinking water and Irrigation needs to enroot 105 villages and also supply of water to motes of Shorapur fort. Another Dam was planned across Bheema River in between Hurasagundgi and Shirval of Shahapur Taluk to supply water to motes of Surpur fort and enroot villages for the drinking water and irrigation needs.

Nisty family played a greater role for nearly 100 years in politics, social, cultural and religious fields of Shorapur Kingdom. Shree Veerabhadrappe Nisty has donated about 15 acres of valuable land in memory of his ancestor of Shree Veerappa Nisty the famous and illustrious prime minister of Surpur Kingdom to Sharnbasveshwara Vidhya Vardhak Sangha and instrumental in starting an engineering college and public school at Shorapur under the aegis of Sharnbasveshwar Vidhya Vardhak Sangha Gulbarga headed by Poojya Dr, Sharnbasawappa Appa, the 8th peethadhipathi.

Colleges are where lifetime memories are made and choosing the right institution / program is paramount. VNEC is located in the heart of Yadgir which has a rich cultural heritage. With the wide variety of emerging programs ranging from computer science to civil engineering VNEC has something for everyone. The campus includes a hostel, library, sports club, canteen, and transportation which is a perfect environment for academics, a great place to make friends and engage in sports activities. The campus placements are excellent and many leading companies ranging from HCL, Mphasis, Mind Tree, TCS, Tech Mahindra, Infosys have recruited from VNEC. If you are looking for a meaningful education that enhances your understanding of your chosen discipline, look no further than VNEC.

An absolutely outstanding institution. I am impressed with the commitment at all levels of your institute & their energy level is high. Over the many years since its inception I have seen the college grow from strength to strength in all the areas of its operation. The dedicated management team and enthusiastic faculty have always kept the student’s interests in mind and created an environment where learning is fun, intensive and industry oriented. They have ensured that students have access to excellent facilities, labs and continuous opportunities for industry interactions including campus placement opportunities. Very good campus, dedicated team of faculty & teachers, and great visionary Director! Wish you all success in all your endeavours! I would like to associate again with you in the best possible way!
