FIVE DAYS WORKSHOP

On

**"Hands-on Training on Python
Programming"**

(22nd & 26th Oct. 2019)

Organized in association with

**The Institution of Engineers (India) Kalburgi Local Centre
Sharnbasva University, Kalaburagi**

**Department of Computer Science and Engineering
Department of Electrical & Electronics Engineering
Department of Electronics & Communication Engineering**

Objective of the Workshop :

This workshop is designed to provide Basic Knowledge of Python Python programming is intended for software engineers, system analysts, program manager and user support personnel who wish to learn the Python programming language.

About Sangha :

Sharnbasveshwar Vidya Vardhak Sangha was founded in 1903 by Late Poojya Doddappa Appa, the 7th Peethadhipati of Sharnbasveshwar Maha Dasoha Samsthan, Gulbarga. It made a humble, yet a noble beginning with its first school housed in Mahadasoha Mahamane - the spiritual abode where Lord Sharnbasveshwar lived. Since then, it has never looked back and has grown into leaps and bounds, dedicating itself to the pursuit of service and excellence. In the course of time, it has grown into a mammoth educational centre imparting Science, Commerce, Arts, Management, Vocational, Engineering and Technical education to nearly Twenty Thousand Students from LKG to PG in forty institutions spending nearly hundred crores in the span of hundred years of its meaningful and eventful existence.

About Computer Science & Engineering :

The Computer Science and Engineering department is one of the pioneering departments at VNEC. The department was established in 2010. The department is progressing dynamically in all academic and research areas. Currently the department offers a 4-year Under Graduate B.E degree in Computer Science and Engineering with an intake of 60 students. The objective is to educate, train and develop world class research and IT professionals with a mastery of not only hardware and software skills but also soft skills for professional success. The department is regularly

conducting workshops/summer schools for faculty and students. The department has six state of the art laboratories with high end Servers along with a department library. The well-equipped Labs are kept open till 8:30pm every day to enable the use of lab facilities for research activities. The department invites eminent personalities from renowned industries or research organization for interaction with students and faculty.

About Workshop :

This workshop brings awareness of Python Technology in the market. **Python** is a general-purpose language, which means it can be used to build just about anything, which will be made easy with the right tools/libraries. Professionally, **Python** is great for backend web development, data analysis, artificial intelligence, and scientific computing.
